

“BUT I’M A GOOD DOG!”

Unfortunately, even good dogs can cause problems in our parks and on our beaches. They can harass wildlife, disturb sensitive nesting and breeding areas, and spread diseases to other animals.

Dogs, especially those not on a leash, can intimidate other visitors. They can also be injured in fights with other animals or by falls off cliffs or down steep hillsides.

To prevent these problems and more fully enjoy the park with your dog, remember that dogs are permitted in campgrounds, picnic areas, and parking lots if they are kept on a leash and under control at all times.

Some parks allow dogs on specified trails—check with park staff for more information.

Dogs may not be left unattended at any time, and it is illegal to allow them to chase or harass wildlife.

Working service dogs assisting persons with disabilities may enter any area of the park where visitors are allowed.

Please remember to clean up after your pet.
