As a result of the recent severe and persistent storms, a section of Shoreline Trail has suffered damages, including downed trees, landslides, plugged culverts, erosion and drainage issues. This damage represents a safety concern, requiring the closure of the section of Shoreline Trail between the Ranger Station and Miwok Meadows Fire Trail. The FOCC trail maintenance team has set these repairs as a priority. Remember, China Camp State Park receives no funds from the State. The repair work is performed by dedicated volunteers, and all expenses are incurred by member-supported Friends of China Camp

There are many ways you can help: (1) respect the Closure signs, (2) volunteer through [CalParks](#) to help us make the needed repairs and (3) help us with the cost of needed large equipment. On this last issue, our highest priority is a flat bed utility trailer, similar to the one [seen here](#). If you have one that you can loan us once or twice a month, that would be great. If you have a used one in good working condition that you are looking to sell, we will also consider that. If you have other solutions to offer, we are listening. To contact us, please send an email to friendsofchinacamp@gmail.com.

Be assured that the rest of the Park is open and available for you to enjoy. We will work as quickly as possible to return to 100% access.

FOCC thanks all of you for your support and patience while we make these repairs.

Volunteering

Opportunities abound

[CHECK THEM OUT](#)

Recreational Activities

Hike, bike, picnic, natural history, cultural history and more.
